WHO WE ARE

Joseph J. Blake and Associates, Inc. is one of the oldest independent national commercial real estate valuation and consulting firms in the United States. Established in 1946 in New York, the firm provides real property appraisals, market and feasibility studies and litigation support, as well as a variety of related consulting services through its US operations and its formal strategic alliance with Sanyu—Japan's largest and most distinguished appraisal firm. Joseph J. Blake's clientele comprises the world's most prominent banks, insurance companies, pension funds, pension fund advisors, developers, law firms, sovereign wealth funds, and governmental agencies.

An overhead view of a modern office workspace. A large wooden table is the central focus, with several people working at it. In the top left, a person in a blue shirt is partially visible. In the top right, a person with blonde hair in a light-colored blazer is working. In the bottom center, a man in a dark suit and white shirt is looking at a smartphone. The table is cluttered with various items: a white computer monitor, a keyboard, a mouse, a cup of coffee, a small potted plant, a smartphone on a clipboard, and several documents with charts and graphs. The background is a light-colored, textured wall.

EXPERIENCE, INDEPENDENCE, OBJECTIVITY

As an independent firm, the company is not subject to the perceived and potential conflicts of interest typically associated with valuation divisions of commercial brokerage companies and accounting firms. In turn, the company is able to maintain a strong focus on client confidentiality and independence. Continuing to flourish as an industry leader, Joseph J. Blake's fundamental strategy is to develop and preserve strong relationships with an impressive spectrum of clients. Joseph J. Blake is owned by its longstanding partners, all of whom are practicing appraisers who have earned the Appraisal Institute's MAI designation.

A wide-angle photograph of the Tokyo skyline at sunset. The Tokyo Tower, a red and white lattice tower, stands prominently on the left side of the frame. The city's dense urban landscape, filled with various skyscrapers and buildings, stretches across the middle ground. In the background, the soft glow of the setting sun illuminates the sky with hues of orange and blue, and distant mountains are visible on the horizon. The overall atmosphere is serene and captures a classic view of Tokyo.
